Our History

The first Polled Herefords arrived on the farm in 1937. Dad had just purchased the farm where Nancy and I currently live. He purchased a group of cows to put on this land. They originated in Texas and wore a FFF brand. They came into Danville on rail and delivered by Banbury and sons. Banbury was one of the first Polled Hereford producers. These were commercial cows and quite unfamiliar with people. It was an experience.

Nancy and I purchased our home farm in 1953 and continued to raise commercial feeders and fed some steers, along with general farming.

I got sidetracked in the late '50s, and entered into the specialty metals industry serving the aerospace and corrosion control markets. We found ourselves in California in the early '60s with a desire to return to our farm in Ohio. Upon our return, we acquired a small herd of registered Polled Herefords from F.W. Heaton and Mohican was born. We kept the herd small as my time was divided between a growing metals business and the farm. Nancy and our ever growing family

handled a lot of the cattle and farming operations. All were experienced operators at an early age.

Major changes happened in 1977 when we stepped up our program with the purchase of Mountain Meadow herd. 373 females and Vindicator arrived in Ohio. Victoria 3067 (FiFi) joined our herd as a foundation female with our entry into embryo transfer. We sorted the Mountain Meadow herd and retained a select group. We sold several large lots to establish other herds including: Dr. Aury, Ohio; Whippoorwill Farms, NC; and Curry Farms, KY.

We added some professional help, Nan was getting tired and started showing on a National basis. We had good success and developed a wider marketing plan. We acquired interest in Crowd Pleaser and Sara 569R. Both were National Champion females. We also acquired flush rights on Ace Tally Belle. She produced the National Champion Ace Mohican Broker.

During the '80s, we developed a bull market in the west. We fed and sold our Ohio bulls in Wyoming. In

1989 we were looking to establish in the west and acquired the Mohican West location.

At the Beartooth dispersion, we acquired many of the progeny of Sara 569R. These included Tradition, Dan, and several daughters. To this we added two entire heifer calf crops from the Ohio operation to form the Mohican West herd.

We continued to show nationally, however, our main interest has been in developing a good productive cow herd. To aid in this endeavor, we selected Boomer 46B. We also added an interest in PW Victoria 8114. This cross produced several herd sires and females that are used worldwide and have continued to excel through the next generations. To mention a few: P606, Nasdaq, Beth 1L.

We continue to strive to develop the herd to first be efficient mothers that have fertility, maternal capability and longevity.

It has been a great ride!

- Only time will tell but some will make the case that this lady is the best one yet produced by 96G.
- She is flawless in her design, sound, bold sprung with a beautiful udder development.
- Her sire was the \$130,000 top selling bull in the 2022 NJW sale selling to 4B Farms in NC.
- Wherever we find Character calves they are at the top of the crop.
- This combination of 96G and Character will write a bit of history.

- One of the most influential donors in our program.
- She is from the famous and productive Vaca cow family at NJW that produced their herd sire Hometown 27A.
- A full sister is a donor for Boyd Beef Cattle in KY and a full brother is a herd sire for Cottage Hill Farm in WV.
- Vaca 0103 is young and in her prime and will be a lead donor for the progressive breeder who selects her.
- Her progeny selling speaks volumes about her value.
- Will calve before the sale to JW 1857 Merit 21134.

- A super impressive flush.
- This bull calf (Lot 23) is the perfect tool for use on first calf heifers, making high quality functional brood cows with good udders and style.
- These heifer calves all have "brood cow" written all over them.
- Keep in mind these calves are all March babies and younger than most selling.

- Selling full interest and full possession.
- After selling the walking rights on Blueprint 6153 we selected this son to replace him breeding heifers and he has excelled by siring high quality, problem free cattle.
- Study his daughters selling and we believe you will appreciate what this guy can do for the next program.
- He is supported by a very strong cow family on his dam's side where all were known for their udder quality and milk flow.
