- Homozygous polled.
- Act. BW 81 lbs.
- 1M is patterned just like his sire that caused quite a stir when he topped the NJW sale in 2022 at $130,000. Our Character calves have been the most consistent sire group for us the last 2 years. They have been moderate sized at birth and calved easily with lots of vigor.
- 1M is out of a strong cow family that traces back twice on the dam side to Mead Cattle's great 5043 cow.
- We have a maternal brother to 1M out breeding cows already or we would be keeping this one ourselves.
- Halter broke and extremely docile.
